Learning Display Day
Assembly

Friday 13th April
Last Day Term 1

Wednesday 25th April
ANZAC Day

Monday 30th April
Staff Development Day

Tuesday 1st May
First day Term Two

Recently I was reading about Muelmar Magallanes. Muelmar, who lived in the Philippines, risked his life in a dangerous flood to save others. Rather than escape to the safety of higher ground, he bravely and selflessly jumped into the raging floodwaters to rescue those who were being swept away. He didn't do it just once, but many times. He saved over 30 people, before he was swept away.

How do you think the people rescued responded?

They would be eternally grateful, thankful to the man who saved their lives.

At Easter we remember that Jesus died on the cross, offering himself in our place. How will we respond to his brave and selfless actions?

David O'Hara
Principal

Learning Display Day

On Tuesday April 10th the school will be holding a Learning Display Day. The purpose of the Learning Display Day is to open the school to parents, grandparents, friends and other people who are interested in the school to come and see some of what the students have learnt this term.

From 11:20am everyone is invited to visit the classrooms. The students will display and demonstrate some of the concepts and skills they have developed over the past term. After lunch, there will be an assembly in the church building. Both classes will present items during the Learning Display Assembly.

We hope you are able to attend the Learning Display Day.

School Clothing

As the weather begins to change, and the mornings are cooler, students are starting to wear jumpers to school, but they often take them off as the day heats up. This makes it easy for jumpers to be misplaced or picked up by someone else.

Please make sure all items of clothing have your child's name on them. Can you also check all jumpers your child brings home to make sure they haven't brought someone else's jumper by mistake? If they have brought someone else's jumper, please send it back to school on the next school day.

Maths Moments

During Maths this week the Primary class have been learning about 3D shapes and their properties. One of the activities they have done this week is to make models of some 3D shapes.

Merit Certificates

There were no merit certificates this week as there was no school on Friday.

Please do not bring egg, nut or seafood products into Pacific Brook Christian School

No Seafood

Allergies

Anaphylaxis is a potentially life threatening condition where sufferers are susceptible to severe allergic reaction to certain foods and other things in the environment. Since the safety of the children in our care is of the utmost importance, Pacific Brook Christian School aims to be an egg, nut and seafood free school. As such, please do not send any foods to school containing these items. Please see the website for more information about alternatives to popular foods and recipes.

Thank you for your assistance in helping keep all our students healthy and safe.
